RECREATION FACILITY REGULATIONS

Thornhill's Recreation Facilities include the swimming pool and pool house, picnic pavilion, outdoor kitchen, playground, and ball courts. These amenities and regulations pertaining to them are provided for the mutual benefit and protection of all Thornhill Members, their guests, and authorized residents (defined as lessees of a Thornhill Lot who have a lease on file with the Association's management company).

Any proposed use which could restrict access or interfere with the use of the Recreation Facilities by Members or residents must be approved in advance by the Board of Directors and may require proof of insurance, background checks, payment of fees, and other consideration. Requests for commercial use of the Recreation Facilities will be considered on a case by case basis by the Board of Directors and may be subject to a commission on gross proceeds payable to the Association to defray maintenance expenses.

Please contact the property manager (rkaplan@cusickcompany.com) to report violations of these guidelines or to make comments or suggestions for improvement.

Following a hearing, access to Thornhill's Recreation Facilities may be withheld from Members and residents of Lots deemed not in good standing. Additionally, Members are advised that violation of these facility regulations may result in fines or loss of community privileges, in accordance with the Association's Violations Policy and hearing procedure.

All persons entering the Recreation Facilities do so at their own risk.

Group Event Policies, Rules and Regulations

55. From time to time, the Recreation Facilities may be used for group events, such as exhibitions, camps, classes, clinics or tournaments. Since these events can restrict other Members' access to the facilities, they are a special use case and must be approved in advance by the Board of Directors. (Events requiring use of the restrooms, the pavilion and/or the pool must make additional arrangements for these facilities, if available).
56. Participation in camps, classes and clinics is restricted to Thornhill Members and residents from Lots in good standing.
57. Exhibitions and athletic tournaments must include at least one Thornhill Member or resident player, and may include guests.
58. Thornhill Tornados Swim Team Policies, Rules and Regulations

The Association has a long-standing relationship with the Thornhill Tornados youth swim team organization and upon approval of the Board of Directors, enters into an agreement with the team each year to manage access to the pool and related facilities. Thornhill Tornados is a separate non-profit corporation which manages its business affairs and budget independently of the Association and is bound by its own rules of governance. The team adheres to rules established by its league relating to its membership and other matters that are outside of the interest and control of the Association. (All members of swim team must be Thornhill Members or residents from Lots in good standing.)

The team's growth reflects its popularity in the community, and requires the Association to balance the impact of its activities with the privileges and rights of the membership at large. For example, the access that Thornhill provides to its amenities is conditioned on the expectation that Tornado practices and events will not unduly interfere with the enjoyment of those facilities by Members and residents.

THORNHILL COMMUNITY ASSOCIATION, INC.SM

To plan for the coming year, the Tornados must provide to the Board of Directors no later than March 1 a proposed schedule for their upcoming season, from which the Association will prepare the annual team agreement for signature.

The Association will make reasonable efforts to provide:

- Early access to the pool for practice provided the team endeavors to schedule such practice outside of regular pool operating hours and leaves at least one lane open for early swim participants.
- Use of the pool, pavilion, and outdoor kitchen for a time trial event, up to four home swim meets, and one end-of-season team party, with all such activity to conclude by July 1 each year.
- Shared, year-round storage space in the pool house closet.

The team will:

- Provide the Association with an annual Certificate of Insurance showing in-force coverage for team activities including the sale of concessions.
- Be responsible for payment of all lifeguard hours during time trials and swim meets when the pool is closed to member use (lifeguard rate and hours TBD by the pool management company).
- Be responsible for payment of additional lifeguard hours required to accommodate guest count at the team's end-of-season party (lifeguard rate and hours TBD by the pool management company).
- Limit street parking during meets to one side of Elmstone Drive and to appoint a traffic safety coordinator to manage traffic at high-attendance meets.
- Limit the volume of the PA system at all times so as not to be bothersome to other members, and observe a strict cutoff time of 10:00pm for PA sound.
- Refrain from propping open pool gates and entrances during team activities.
- Leave the facilities, grills and pool house ready for next use by cleaning up after each practice, swim meet, and event. (See Clean-Up Checklist).
- Abide by all city and county ordinances, as well as all Association policies, rules, and regulations (including prohibition of food on the pool deck).
- Maintain the storage closet in an organized and tidy fashion, allowing adequate space for storage of Association materials.
- Team key fobs will be deactivated at the end of swim team season and reactivated upon request the following year for designated team personnel.

Reservation of Thornhill Facilities

Thornhill's picnic pavilion can be reserved for private events by Thornhill Members and residents. Reservations are taken on a first-come, first-served basis. The Association reserves the right to grant or deny the reservation of Thornhill Recreation Facilities.

During private events, all Thornhill policies, rules and regulations must be observed. Event hosts accept full responsibility and liability for the safety and welfare of all participants.

Reserving the pavilion does not confer automatic access to the pool, nor exclusive rights to the parking area, playground or tennis courts. Hosts should be courteous and ensure that their guests do not unduly prevent use of these facilities by other Members and residents.

Subject to availability and certain restrictions, the Association may waive reservation fees for non-profit civic, religious, or service organizations provided that a Member or resident is present during the event. Pool staff fees and security deposits will be required.

General Reservation Information

61. The [facility reservation system](#) and [reservation calendar](#) are located in Cusick's online portal. The pavilion reservation calendar may also be viewed by logging in to the [Thornhill website](#).
62. Members or residents using the pavilion without a reservation or payment of reservation fees do so with the understanding that such use is not exclusive. Event hosts and their guests are expected to show courtesy at all times to other parties who may also be enjoying the facilities, and to clean up after their events.
63. The picnic pavilion may be reserved for a maximum of 6 hours to include event set-up and clean-up.
64. Reservation slots are limited to the hours of 8 a.m. to 10 p.m. on weekdays and 8 a.m. to 11 p.m. on weekends and holidays. The reserving Member or resident must be present for the duration of the event.
65. Reserved events do not include access for pets, or for guests to enter the tennis courts.
66. Members and residents may enjoy the pavilion with up to 9 non-resident guests without a reservation. The pavilion must be reserved for events involving more than 9 non-resident guests.
67. For every 10 guests under the age of 21, one adult over the age of 21 must be present for the duration of the event when the event is pavilion-only or there is pool access with CPM lifeguards (guarded).

THORNHILL COMMUNITY ASSOCIATION, INC.SM

68. For every 5 guests under the age of 21, one adult over the age of 21 must be present for the duration of the event when the event is a pool access event without CPM lifeguards (unguarded/attendant).
69. During pool operating hours, events at the pavilion with more than 50 people are prohibited.
70. When the pool is unguarded (typically in August and September), the Association reserves the right to a) limit pool party size and b) determine the number of responsible persons who must be present to supervise minors.
71. Alcohol is prohibited at pool parties when the pool is unguarded.
72. The use of amplified sound or music may be regulated by pool staff or the Thornhill Board designee in their sole and absolute discretion. In no event shall amplified sound occur after 10:00 p.m. If the host is asked to stop or reduce the volume of amplified sound or music and does not comply, the event will be terminated immediately and participants required to leave the premises.
73. Restrooms in the pool house are accessible during regular pool hours, and may be made available for private events before and after pool hours by request. Event hosts must sign and attest in the reservation portal that in such cases, pool use is strictly prohibited and that they and their guests will not use the pool outside of pool operating hours.
74. Plumbing in the pool house restrooms is turned off after the Fall Carnival and is unavailable until the pool re-opens the following season. This avoids potential costly damage to the pipes from freezing temperatures.

Facility Reservation Procedure

75. Events must be reserved at least 2 weeks in advance via [Cusick's online portal](#), and are subject to approval by the Thornhill Board of Directors.
76. Hosts reserving the pavilion may also request pool use during pool operating hours. When requesting pool use, event hosts must also contact the pool management company, complete their pool party request form, and schedule and pay for any required additional pool staffing.
77. Reservations are considered confirmed when all of the following has occurred:
 - The facilities are verified as available;
 - The event host has completed a reservation request in the [Cusick online portal](#) with an accurate count of anticipated guests and any intended pool use;
 - The Board of Directors, or its designee, has signed off on the event;

THORNHILL COMMUNITY ASSOCIATION, INC.SM

- The event host has paid all applicable Thornhill reservation fees, and security deposits.
- If the pool is involved, the host has completed the pool company's party request form, appropriate pool staff has been scheduled, and all pool staff fees have been paid;

- Vendors must remain with animal party rentals for the duration of the event. Animals must remain in the parking lot and may not enter the courts, pool, playground, or pavilion.
- Rental equipment may be installed up to 2 hours in advance of an event.
- At the conclusion of an event, all rental equipment and gear must be broken down, deflated and disconnected from any power source. Rental equipment must be removed from Association premises within 8 hours of an event. Failure to remove rental equipment within the designated time may result in forfeiture of security deposits.

Facility Pricing and Security Deposits

79. The Thornhill Board of Directors reserves the right to change the rates set forth in the tables below without amendment to these Facility Regulations.
80. **When reserving Thornhill facilities, Members and residents are expected to be truthful about anticipated guest counts and must note pool access with their pavilion reservation if guests will use the pool, even when guests are Thornhill members.** This is for safety because the pool is staffed based on the general attendance patterns and an influx of guests from a party could leave the pool insufficiently staffed. Misstating an event’s guest count and/or entering the pool during a “pavilion only” event may result in forfeiture of security deposit(s), charges for the actual number of guests in attendance, loss of amenity privileges, and additional fines.
81. In the [Cusick reservation portal](#), reservation pricing and security deposits are calculated in increments of 25 guests and whether pool use is added to the reservation. (See p. 15 for detailed instructions on using the reservation portal.)
