

THORNHILL COMMUNITY ASSOCIATION, INC.<sup>sm</sup>

## 2025 Pond Committee Charter

Recognizing that the pond serves as a focal point of the community, that issues related to the pond and stream are matters of broad member interest, and that engineering and other costs related to maintenance of Thornhill's waterway are significant and ongoing, the Board wishes to establish a Pond Committee to advise and assist it on pond and stream-related matters and potential funding options.

The members of the 2025 Pond Committee are hereby affirmed or appointed:

<b>Terry Losardo – Board Liaison</b>	Tom Tasselli	Jon Amburn
<b>Gregg Flett - Chair</b>	Haydn Flores	

Mike Grace (pending confirmation of continued interest)

Matt deBerry (pending confirmation of continued interest)

### Mission

The role of the Pond Committee (“Committee”) is to assist and advise the Thornhill Community Association, Inc. (“TCA” or “Association”) Board of Directors (“Board”) on matters related to pond and stream maintenance and potential funding.

The ongoing responsibilities of the Pond Committee are as follows:

- Monitor condition of the waterway and surrounding area and report concerns to municipal officials and/or the Association
- Serve as a point of contact for pond maintenance vendors
- Develop ongoing pond health, maintenance and water quality initiatives
- Pursue funding options for Thornhill's pond, dam and stream
- Assist the Board in establishing an annual pond budget, pond project budgets and long-range, reserve budget planning
- Update the Board with regular committee reports and attendance at Board Meetings

The objectives of the 2025 Pond Committee are as follows:

- Review available data on Thornhill's pond, dam and stream
- Obtain estimates for upkeep options related to sedimentation, erosion, and other ongoing maintenance concerns involving the waterway
- Investigate change in monthly maintenance vendor
- Investigate tree wrapping costs
- Make recommendations to the Board related to maintenance and funding sources for Thornhill's pond, dam and stream
- Help communicate the committee's recommendations to members
